

GUIDE Model of Care

Guiding an Improved Dementia Experience

1-260-999-4106 • GUIDE@agingihs.org • www.agingihs.org

GUIDE is a Medicare program offered to individuals with dementia or who exhibit cognitive impairment and their caregivers. GUIDE participants receive ongoing clinical and social supports focused on improving the quality of life for both the participant and their caregiver(s).

Program Benefits:

- Access to long term care resources
- Improved health outcomes
- Reduced caregiver burden

The Nurse Practitioner will provide:

- An annual assessment
- Dementia symptom management
- Collaboration with the Primary Care Provider and Specialists

The Care Navigator will provide:

- Care coordination
- Person centered care planning
- Caregiver education and support

INTERESTED IN GUIDE?

Eligible participants must have the following:

- A potential diagnosis of dementia or exhibiting cognitive impairment
- Medicare Parts A & B

GUIDE is provided by Aging & In-Home Services of Northeast Indiana and funded through the Centers for Medicare and Medicaid Services (CMS) for individuals who have Fee-for-Service Medicare (Part A & B). *This program is currently not offered to individuals enrolled in Medicare Part C (Medicare Advantage Plans), PACE or receiving Hospice.*

IN PARTNERSHIP WITH SWIRCA AND MORE

Aging & In-Home Services of Northeast Indiana, Inc. (AIHS) promotes independence, dignity, and advocacy for all older adults and persons with disabilities and their caregivers. AIHS partners with other Indiana Area Agencies on Aging to provide the GUIDE program to persons living with dementia and their caregivers across the state of Indiana.
